

GAVIN NEWSOM #LEADTHEWAY CALL-IN SCRIPT

Call 916-445-2841

Hi, This is _____. I'm a voter living in (name of City in CA).

I'm adding my voice to the hundreds outside the capitol today urging Governor Newsom to lead the way to single payer in California, as he promised he would do during his campaign.

COVID's disparate impact on Black, Brown and disenfranchised communities has highlighted how urgently we need to fix our broken healthcare system!

An essential step is for the Governor to request a waiver from the Biden Administration that will free federal funds for an equitable and affordable single-payer system to cover all California residents.

Lead the way to single payer, Governor Newsom, and Californians will stand with you - against the recall and beyond!
